

# One Day National Conference on

## "Recent Innovations in Medical Laboratory Techniques"

Date of Event: 10 September 2022

### Registration Form

Register through e-mail at: [biuworkshopconference@gmail.com](mailto:biuworkshopconference@gmail.com) with following details:

Candidate/Participant Full Name.....

Designation: .....Student Yes/No.....

Organization: ..... Course Name (if applicable) .....

Organization/Institute Address: .....

Fee Details :- Registration fee For Students : Rs.500/-

Registration for Delegates/Faculty : Rs.800/- | On Spot Registration : Rs.1000/-

Mobile No. WhatsApp): .....

Email: .....

Registration fee Payment Details (Transaction ID/Mode)

.....

Paid by (Online Banking/NEFT/IMPS) .....

.....

Membership Number (if applicable) .....

REGISTRATION

*For Enquiry :- Ms. Megha Chaudhary*

*Assistant Professor, Faculty of Paramedical Sciences, BIU, Bareilly*

*Contact No.: 9927885209 | Email id : [meghasagwan@gmail.com](mailto:meghasagwan@gmail.com)*

*For Enquiry :- Mr. Navreet Boora*

*Assistant Professor, SGT University, Gurugram*

*Contact No.: 9991350210 | Email id : [msdes2019@gmail.com](mailto:msdes2019@gmail.com)*

Account Details :- Account Holder : Bareilly International University

Bank Name : Punjab National Bank | Account No : 22342413000777

IFSC : PUNB0223410 | Branch : Pilibhit By Pass Road, Bareilly

## About Bareilly International University

Bareilly International University, Bareilly is established in accordance to UGC Act 1956 by the Uttar Pradesh Govt. Act No. 26 of 2016 dated 16th Sept 2016. The University has commenced academic activities from session 2016-17 with various courses.

The University is in the process to design its own milestone in the pursuit of social commitment and excellence reflecting by establishing world class practices. It has reached the shores of developing into a seat of global learning to bring about transformation of the society through value-based education, research promotions.

BIU has belief in innovation and forward-thinking that encourage to assume a leadership in various curriculum. These advantages give us a special opportunity to advance this great institution through carefully selected but ambitious choices that renew and extend its mission.

Objective of BIU is the holistic development of each student through inter-disciplinary, multidisciplinary and trans-disciplinary approach. University offers various innovative and unique courses that are truly transdisciplinary in nature, scope and contents and help the students to develop knowledge and skills in diverse areas of study which are innovative in the emerging areas.

The learner-centric academic system with dynamic curriculum, broad-based courses are some of the important hall-marks of this University. The BIU aims to promote academic autonomy and empowerment, design multidisciplinary courses and exploratory research across disciplines among its faculty and students.

### **AIM and Objectives of Conference:**

The AIM of this conference to assemble Allied Health professional under the single umbrella, So that they can share their thoughts, and improve their skill to do the best practice in their department/field. Nowadays each department of hospital having state-of-art types of equipment/modalities like Haematology Cell Counter Analyzers, Electron Microscope, Biochemistry Analyzer, CLIA analyzer, ELISA analyzer etc, proper knowledge help in handling and care of the equipment's also having a thought in mind the future aspect of these equipment's. This conference is to spread the knowledge and improve the skill of Allied Health Professional to do the best care of the patient and personnel.

### **Conference Goals**

Raising the level of laboratory medicine academically, professionally and technically.

Raising the level of total quality in medical laboratories to reach Arab and international reliability.

Introducing the importance of societal awareness of the importance of laboratory medicine and the importance of the role of media and health education in educating the community about the laboratory medicine profession.

Spreading awareness about the vital risks and safety in the laboratory medicine sector.

Consolidating and raising the level of relationship and coordination between laboratory medicine and other medical and health professions, leading to integration in diagnosis and treatment.

Building complementary and harmonious relations between the various medical sectors, research centres, universities, specialized institutes and relevant authorities.

Shedding light on the importance of the association's role in taking care of the laboratory medicine profession and its affiliates.

Awareness of society and the medical and pharmaceutical circles of the dangers of excessive and indiscriminate use of antibiotics.

# ABSTRACT GUIDELINES

We are also Accepting abstracts for Four Oral and Poster Presentation, if you want to participate in Oral/Poster presentation then you have to submit (150-200 words) abstract through mail. [biuworkshopconference@gmail.com](mailto:biuworkshopconference@gmail.com) Make Sure Abstract Contains (Title, Key Words, Candidate Name, Guide Name, Institution Name, Email & Contact Number)

Note: -

1. Selected candidates for oral presentation will be informed through mail or telephonically.

(Priority will be given to research scholars & Masters Students.)

2. Poster presenters have to carry printed poster only (we are not accepting E-posters)

**Last Date of Abstract Submission 30 August 2022**

## About MSDES

*MSDES, Jhajjar is registered under the provisions of the society registration act 2012 under the registration number HR 015201900727. The society has it owns a hierarchy to keep it functional. The idea of one is now merely to serve the people for a lifetime. Only education is the tool, which is given once and can bring a huge difference in one's life. The future of the nation is totally depending on the youth generation and the upbringing of them is only alter by education. The society works for best academic solution, career counseling, therapeutic benefits, awareness of seasonal diseases, vocational courses, free tuition classes, organizes conferences etc. MSDES is differ from others because we aid humans and animals. Veterinary services are our USP. Society comprises of medical professionals; those use their professional skills to get best results. We appreciate the efforts which is neglected by several's*

### *Vision MSDES*

*Our vision is to educate the young generation to choose their career wisely, to educate citizens for the betterment of lifestyle. We as a society, helps the people to resolve their health issues in minimum cost or zero cost.*

### *Mission MSDES*

*To be one of the best-recognized society all over the nation which is known for quality services and reach to the unprivileged people and solemnly aid them.*

*“Medical Laboratory Technology is a Skill”*

*Lab professionals perform a number of tests of various samples which includes blood, body fluids and aspirates, urine, stool, sputum and other body tissues; do the correct investigation and also helps doctor by providing accurate drug sensitivity profile of the etiologic agent which in turn helps the doctor to diagnose the disease in a short time span. A number of Areas are covered by medical lab technologists which includes: Blood bank ( where Blood grouping, Rh compatibility and other specific tests are done), Clinical and analytical chemistry (analysis of body fluids and serum), Hematology ( components of blood are analyzed), Immunology ( serological markers are detected?), Microbiology ( A broad range of pathogens are detected which includes bacteria, fungi, parasites and virus and the drug sensitivity profile is also being done), Cytology ( detailed study of cells), Histopathology (study of body tissues), Phlebotomy (concerned with collection of samples), CSSD ( concerned with sterilization and disinfection of hospital items) etc. Variety of opportunities and specialization are there in the field of medical laboratory technology which is not only concerned to laboratories but to other manufacturing plants, hospitals and research in specialized areas. “The true laboratory is the mind, where behind illusions we uncover the truths”*

## Patrons

Chancellor DR.  
KESHAV KUMAR AGARWAL

Pro-Chancellor  
DR. ASHOK AGARWAL

Vice-Chancellor  
DR. LATA AGRAWAL

Pro Vice-Chancellor  
DR. KIRAN AGRAWAL

## Co-Patrons

Registrar  
DR. SUSHIL KUMAR THAKUR

Principal  
DR. PUSHENDRA KANNOJIA

## Organising Chairman :-

Mr. Navdeep Jaiswal

Mrs. Manika Bishnoi

## Organising Co-Chairman :-

Mr. Nitish Virmani

Mr. Aman Abrar

## Organising Secretary :-

Mr. Navreet Boora

Ms. Megha Chaudhary

## Co-Organising Secretary:-

Mr. Rajesh Rohilla

Ms. Suchandra Gupta

Mr. Prateek

## -: Address :-

Faculty of Paramedical Sciences, Bareilly International University, Bareilly, Rohilkhand Medical College & Campus, Pilibhit By Pass Road Bareilly, U.P., INDIA - 243006
